- 1 Since we currently choose to pay normal operating expenses out of our management fees, estimated management costs represent any abnormal operating expenses recovered from the Funds and any other indirect management costs for the financial year ended 30 June 2025 which may vary in future years without notice.
- 2 **Performance fees should not be considered in isolation of investment returns. Past performance and these estimates are not indicative of future returns.** Performance fees payable in the future may vary depending on the Active ETF's actual performance.
- 3 Estimated transaction costs are based on total **gross** transaction costs incurred for the financial year ended 30 June 2025 which may vary in future years without notice. **Transaction costs should not be considered in isolation of investment returns.** It is important to understand that actively managed investments are likely to have higher transaction costs than passively managed investments, such as index funds, because of the higher expected volume of trading of the portfolio's assets in generating investment returns.
- 4 This estimate is based on the average annual performance fees charged in Perpetual ESG Australian Active ETF since inception (28 November 2021) to 30 June 2025. The Active ETF's performance fee for the year ended 30 June 2025 was 0.00%
