In FY2025, Equality Australia's impact included:

- The inclusion of LGBTQ+ questions in the 2026 Census,
- New laws banning conversion practices coming into effect in NSW and South Australia,
- The first ever protections against LGBTIQ+ hate speech in Victoria,
- Trans and gender diverse people can now update their birth certificates without the need for surgery in all states and territories, and
- Polling which found most Australians stridently oppose discrimination against the LGBT community and believe trans people should have the same rights and protections as everyone else.

Perpetual is proud to support the ongoing work of Equality Australia to build a more equitable and inclusive Australia. [Click here](#) to find out more about EA and their work.
